Dear Mr. McLerran,

This is a request for a risk-based disposal approval pursuant to 40 CFR 761.61(c). This application has been reviewed and approved by Ecology consistent with the MTCA/TSCA integration policy for Lower Duwamish Waterway source control work.

This project is for cleanup of PCB containing soil adjacent to the 3-333 building on Boeing leased property. The attached work plan describes soil excavation planned for this area. This work is scheduled to be conducted over a two week period this summer.
